

# Zero Trust Assessment & Strategy

Assess your current zero trust architecture and maturity across every zero trust domain — then leave with a customized strategy, architecture, and journey aligned to your business and technical requirements.

Integrated

Agile

Zero Trust

## OUR APPROACH

1

Kick-off &amp; Planning

2

Information Gathering &amp; Data Review

3

Architecture &amp; Maturity Workshop

4

Knowledge Transfer

5

Strategy Workshop

6

Assessment & Strategy Report +  
Presentation

*From current state to an actionable, prioritized zero trust roadmap.*

## DOMAINS COVERED

Users

Devices

Networks

Apps &amp; Data

Visibility &amp; Analytics

Automation &amp; Orchestration

## PRINCIPLES

- Remove implicit trust
- Enforce risk-based least privilege
- Assume compromise

## TOP OUTCOMES

- Actionable strategy including a proposed zero trust architecture, journey, and metrics
- Accelerate your zero trust journey with confidence using a prioritized 3-year technology and implementation roadmap
- Organizational alignment around a future-proof zero trust strategy, architecture, and journey

## WHAT'S ASSESSED

- Assessment of current zero trust architecture and capabilities for all zero trust domains
- Evaluate and assess current zero trust maturity across security architecture, people, processes, and technology
- Customized zero trust strategy with recommendations for strategy, maturity, architecture, and journey

## WHY MODERNCYBER FOR ZERO TRUST

ModernCyber has specialized in radically simplifying and accelerating organizations' zero trust adoption. We deliver cybersecurity & zero trust solutions as part of our lifecycle services (proof of value, assessment, plan, design, implement, optimize) to address the full gamut of people, processes, and technology. We focus on outcomes over marketing and ensure technology journeys are aligned with business strategy.

**Order direct, through your preferred partner, or via the Cisco Global Price List (GPL/MINT):**

Zero Trust assessments are also orderable via MINT with Cisco quota credit.
